

Mission: "A comprehensive collaboration dedicated to the sexual health of our communities."

August Meeting Agenda

11:00 am **Welcome & Introductions** **Linn County Facilitator**

11:03 am **Approval of May Minutes** **Coalition**

11:05 am **WISE (Working to Institutionalize Sex Education) Update** **Kirsten Brown/Eyes Open Iowa**

- The goal of the Working to Institutionalize Sex Ed or WISE project is to increase Iowa school districts' sustainable implementation of effective comprehensive sex education that complies with the [Human Growth and Development Mandate/Iowa Code 279.50](#). This project partners with Iowa school districts to support them in adopting, implementing and institutionalizing comprehensive sex education programs that are research-based and medically accurate. The WISE project is part of a national initiative that helps fund this Iowa project due to our favorable policy climate.

11:15 am **Background of Goals (Katie Reasner) & 1-3 Year Planning Facilitation** **Kaitlin Emrich/Linn County Public Health**

	Goal 1: Foster & Engage Community Members	Goal 2: Collaborate effectively to improve sexual health	Goal 3: Education of Linn & Johnson Counties on sexual health topics
Year 1 -Q1 -Q2 -Q3 -Q4	≥ 1 SMART Objective	≥ 1 SMART Objective	≥ 1 SMART Objective
Year 2	1-2 SMART Objectives	1-2 SMART Objectives	1-2 SMART Objectives
Year 3	1-2 SMART Objectives	1-2 SMART Objectives	1-2 SMART Objectives

12:10 pm **Updates** **Abigail Lee**

- **Treasurer**
 - **Budget proposal**

▪ **Linn County Public Health** **Katie Reasner**

▪ **Johnson County Public Health** **Amelia Slaichert**

▪ **UAY/Community Adolescent Pregnancy Prevention (CAPP)** **Stanzy Scheetz**

▪ **Community** **Coalition**

12:25 pm **Brief Meeting Location Discussion** **Coalition**

12:30 pm **Adjourn**

Next Meeting

September 6 th	11am-12:30pm	Tentative: Johnson County Public Health
November 1 st	11am-12:30pm	Tentative: Linn County Public Health
December 6 th	11am-12:30pm	North Liberty Community Library

Small Group Work

- Goal 1: Foster & Engage Community Members
- Goal 2: Collaborate effectively to improve sexual health
- Goal 3: Education of Linn & Johnson Counties on sexual health topics

Goal: _____

Objective 1	
Specific- what is the specific task?	
Measurable- how will we measure it? (How much, how many?)	
Attainable- is this something we can do?	
Realistic- are sufficient resources available?	
Timely- how often or when will we do this?	
What is the objective?	

Objective 2	
Specific- what is the specific task?	
Measurable- how will we measure it? (How much, how many?)	
Attainable- is this something we can do?	
Realistic- are sufficient resources available?	
Timely- how often or when will we do this?	
What is the objective?	

Objective 3	
Specific- what is the specific task?	
Measurable- how will we measure it? (How much, how many?)	
Attainable- is this something we can do?	
Realistic- are sufficient resources available?	
Timely- how often or when will we do this?	
What is the objective?

Injection Drug Use

Year	IDU
2014	1
2015	5
2016	16
2017	22

*Moving forward IDPH will be evaluating Injection Drug Use (IDU) among all individuals. However, in 2016 and 2017 only those under 30 years of age were evaluated for IDU. I am not certain what the criteria was prior to 2016, so please consider this information with a grain of salt.
